

# “Swingle”

Andrew Leger

11:30

It is 11:30 and it's almost 12  
It's almost 12 and there is no wind  
I've been waiting all-day  
As still as can be  
Can it PLEASE be 12

11:40

It is 11:40 and the wind picked up  
I love the wind, though it's not all that  
It caught me by surprise actually-  
Normally I can tell by the leaves rustling  
It was fine I guess...  
Can it PLEASE be 12

11:50

Il can't wait- it's so exciting  
I'm so excited  
The wind is wilder  
I'm so excited  
Then the wind stops  
And I'm still again  
That's ok  
It's alright  
I'm so excited  
Can it PLEASE be 12?

12:00

The kids blow the doors open  
Like the wind  
Only real, and powerful, and determined to get to me first  
I'm the only swing  
For 100 students  
And I'm so excited
